

**BARON G58**

**The joy of flight reaches a new standard.**

## BEECHCRAFT® BARON G58

The wide cabin doors of the Baron G58 invite up to six people to enjoy the best ride found in any light-twin aircraft. The spacious club cabin features ergonomic seating and contemporary, upscale materials in an integrated, soft-edged interior. For comfort, an air conditioning system with fully automatic climate control allows true “set-and-forget” operation, even during takeoff. In the cockpit, pilots will appreciate improved seating, a redesigned power quadrant and new control yokes. Meanwhile, Garmin® G1000 avionics address safety and maximize pilot awareness delivering more information intuitively. Primary flight information, engine performance, graphical navigation, available traffic, terrain, XM satellite weather and synthetic vision—it’s all here—even an integrated Garmin autopilot, barometric VNAV and WAAS with LPV approach capability.
