

Baron ISR | Put the squeeze on without squeezing in.

BARON ISR

Intelligence. Surveillance. Reconnaissance. Defense and law enforcement agencies around the world can rely on the Baron G58 ISR for high priority surveillance missions. The aircraft has the highest dash speed in its class to quickly get you to the surveillance area, and fuel/payload to support six hour missions. Equally important, it has a large cabin, air conditioning, and ultra-high dispatch reliability. Fitted with a state-of-the-art electro-optical/infrared camera, recording and data link systems, and police/military communications—this Baron provides the surveillance/intelligence you need for court evidence, or to prosecute the target.

Affordable high-tech surveillance

New automatic climate control system operational during takeoff.

Redesigned cockpit cabin seats.

Large doors for quick equipment install/removal.

Redesigned power quadrant with integrated climate controls.

Large nose baggage space (up to 300 lbs.)

Short field capability.

Ability to operate from commercial airfields.

Twin-engine redundancy, reliability and safety

Garmin 1000 integrated avionics suite and all-weather capability

PERFORMANCE

Max Cruise Speed (000 mph)	190 kt	352 km/h
Max Service Ceiling	20,688 ft	6,306 m
Max Range	1,500 nm	2,778 km

ENGINES (Teledyne Continental IO-550-C)

Output (each)	300 hp	224 kW
---------------	--------	--------

WEIGHTS

Ramp Weight	5,524 lb	2,506 kg
Empty Weight	3,951 lb	1,792 kg
Mission Suite	270 lb	123 kg
Crew (2)	340 lb	154 kg
6 Hour Mission Fuel*	963 lb	437 kg

BASIC SURVEILLANCE PACKAGE

Electro-Optical/Infrared 9" or 10" dia. Turret with Monitor & Controller
 Mission Management System with Mapping Capability
 Imagery Recorder with playback that Records Metadata
 V/UHF Communications

SURVEILLANCE OPTIONS

Data Link—Line of Sight & Satellite
 Search & Rescue DF
 Automatic Identification Sys (AIS)

Mission Persistence—6 Hours

**Estimate based on Basic Surveillance Mission Package, Sea-Level Departure, ISA Standard Day, Allows Taxi and Run Up, Includes Cruise Climb, Mission Surveillance at 9,000 ft., Decent, 45 Min Fuel Reserve, Maximum Range Power*
